👤 Career Objective

Motivated and detail-oriented recent graduate seeking a technical role where I can apply my knowledge of programming, software development, and system design to build efficient and scalable solutions. Eager to contribute to developing, testing, and optimizing software applications while gaining hands-on experience with advanced technologies, debugging, and system integration. Committed to continuous learning, innovation, and delivering high-quality solutions that align with business goals in a dynamic and collaborative environment.

🎓 Education

B.Tech - Computer Science and Engineering 2021 – 2025
Narayana Engineering College - CGPA of 9.3

Intermediate 2019 – 2021
Narayana Junior College - Percentage of 96.6

SSC 2019
Little Angels School - GPA: 10 Points

👜 Professional Experience

Machine Learning Intern, Coincent, Bengaluru

Successfully developed and trained a deep learning model for the classification of fashion items using the Fashion MNIST dataset as part of my online internship.

Web Development Intern, Genz Educatewing, Bengaluru

Completed web development internships, gaining hands-on experience in front-end and back-end technologies, project management, and collaborative coding practices.

📁 Projects

FASHION MNIST CLASSIFICATION

Using state-of-the-art deep learning techniques, with a focus on Convolutional Neural Networks (CNNs) in Python

STUDENT MANAGEMENT SYSTEM

Developed a comprehensive Student Management System using HTML, CSS, JavaScript and PHP

ELECTRONIC WASTE MANAGEMENT SYSTEM APP

The Electronic Waste Management System is an Android-based application designed to streamline and enhance the efficiency of electronic waste (e-waste) management.

🧠 Skills

- Python
- Java
- Git
- SQL
- Interpersonal Communication
- AI, ML
- C, C++
- SDLC
- Time Management
- Problem Solving

Certificates

- Forage Deloitte Data Analytics
- Microsoft Azure AI Fundamentals
- AWS Beginner
- EXCELR-Python Programming and SQL
- GUVI Generative AI
- Google Gen AI Study Jam
- IBM Cybfun | edX
- CISCO-Cyber Threat Management

Awards

- Successfully participated in **Myntra's Hacker-Ramp WeForShe**, showcasing creativity and technical proficiency.
- Secured **1st prize** in **Paper Presentation** at **Technofile**, the fest of Geetanjali Institute of Science and Technology.
- Achieved **2nd prize** in **Quiz Competition** at **Femsparkle**, the fest of Narayana Engineering College.
- Successfully **organized a National-Level Hackathon, Hackademia 2K24**, fostering innovation and collaboration among participants.
- Secured **1st prize** in **Paper Presentation** at **Etrons**, an event held at Narayana Engineering College.
